

Professional Recumbent Bike Toorx BRX R9000 self-powered ergometer

Product features:

Braking System: Magnetico ad induzione
Maximum User Capacity: 180 Kg
Console: Display LCD 115 x 65 mm retroilluminato
Heart Rate Detection: hand pulse
Dimensions Open: 1635 x 740 x 1355 mm
Product weight: 55 kg
Certifications: CE-ROHS-EN957
Warranty:

Product description:

Professional Recumbent Bike Toorx BRX R9000 self-powered ergometer with magnetic induction braking system.

The **power system does not require connection to the electricity grid**, as it occurs via an integrated electric generator. During cardio training you can **electronically adjust the effort on 32 available levels**.

This **horizontal exercise bike** allows for **optimal training** thanks to the **seat with horizontal adjustment** and **large enveloping backrest** for an optimal and comfortable position. The **extra large cranks** and ergonomic pedals offer optimal comfort during training.

Equipped with **hand pulse heart rate sensors** and **integrated wireless Polar receiver for heart rate monitor**.

The exercise bike has **6 red LED displays** and a **green LED graphic display**. On the display you can monitor time, speed, distance, calories, pulse, RPM, Watts.

It has **1 free training program, 12 presets, 4 users, 1 HRC, Watt**.
