

Toorx BRX 9500 Professional Bike with easy access

Product features:

Braking System: Magnetico ad induzione
Maximum User Capacity: 180 Kg
Console: Display LCD 115 x 65 mm retroilluminato
Heart Rate Detection: hand pulse
Dimensions Open: 1635 x 740 x 1355 mm
Product weight: 55 kg
Certifications: CE-ROHS-EN957
Warranty:

Product description:

Professional Bike Toorx BRX-9500 self-powered ergometer with magnetic induction braking system.

The **power system does not require connection to the electricity grid** , as it occurs via an integrated electric generator. During cardio training you can **electronically adjust the effort on 32 available levels** .

The **easy access exercise bike** allows for **optimal training** thanks to the **Easy Fit System** which allows for **horizontal and vertical micrometric adjustment of the saddle** . Furthermore, **the exercise bike** is equipped with a **quick release device** for more efficient and comfortable vertical adjustment.

The **handlebar** has a multi-grip with **ergonomic support for forearms** .

Equipped with **extra-large and ergonomic pedals** for optimal comfort.

Equipped with **hand pulse heart rate sensors** and **integrated wireless heart rate monitor receiver**.

The exercise bike has **3 white LED displays** and a **white LED graphic display** . On the display you can monitor time, speed, distance, calories, pulse, RPM, Watts.

It has **1 free training program, 12 presets, 4 users, 1 HRC, Watt, Recovery, Body Fat Tester**.
