Product description:

HIP THRUST FWX-4400 is the new bench from the **Toorx Professional** line, ideal for **training the gluteal and hamstring muscles**.

The structure is made **of reinforced steel** with an oval section 110 x 50 mm, 3 mm thick with double scratch-resistant epoxy powder coating and two ergonomic handles.

Large, non-slip push plate for optimal ergonomics.

POWER GRADE bearing system to ensure precise and progressive sliding

The structure of the **TOORX PROFESSIONAL HIP THRUST FWX-4400 bench** is guaranteed for a maximum user load of 150 kg and the maximum loadable weight is 250 kg.

The **backrest** of **TOORX PROFESSIONAL HIP THRUST FWX-4400** made of **high density foam** adapts to the shape of the user's body ensuring optimal support and comfort.
