Product description:

The **DIAMOND 500 Series Row Machine** was designed around human movement.

The possibility of loading the arms independently allows divergent and independent movements for **optimal biomechanics**

Isolateral movements allow the user to **train with both limbs together, independently or alternately**.

The **double grip** on each arm gives the user increased comfort and the possibility of varying the exercise mode.

The seat and chest support cushion, comfortable and ergonomic, are adjustable to different heights/positions so as to adapt to all users.

Non-slip footrest . Comfortable and ergonomic handle for one-sided work.

High density foam padding, PU leather upholstery "for furniture". 2 disc holder pins for easy and immediate storage.
