### Product description:

The **DIAMOND 750 Series Butterfly Machine** is a two-in-one machine that offers **Pectoral Fly and Rear Deltoid** exercises.

The rotated grips provide a full range of **protection for the wrist** , especially when the user finds himself stressing the muscle with heavy loads.

Alloy steel slide bars that ensure smoother movements. **End cap in anodized aluminum alloy** which makes it even more resistant as well as giving it a decidedly more elegant look.

High density foam padding, PU leather upholstery "for furnishings" and **ABS protective casing** . Machining of aluminum pulleys with CNC process; the bearings are built with high quality material to withstand high intensities and for a long time.

**Coated metal cable with resistance capacity up to 1400 kg.**
