Product description:

Mikasa BB702B Street Jam n°7 rubber basketball ball - Blue-Yellow colour **The Mikasa Street Jam is a school training ball, dedicated to women's basketball, created to last and to offer the best performance at an affordable price**

Made to last , this **rubber basketball with a high grip finish** is perfect for use in **training or at school**.

The material with which it is made makes it **extremely resistant to wear** , both if the game takes place on **concrete** and on other sports floors.

With a weight ranging from 510 to 567g, and a diameter of 720-740 mm (depending on inflation) **this ball maintains the same characteristics as match balls**.

The low price, durable material, and regulation size make it an absolute must.
